

The search is over.

For a hiring solution that makes sense.

Rochester  Works!

WorkKeys[®]

You work in a competitive business, so you're looking for everything available that can give you an edge.

The search is over.

Employee turnover costs companies an estimated 33% of wages and benefits! High turnover can ruin your bottom line if neglected. You need something to help make sure applicants for your jobs are the "right fit."

RochesterWorks! uses the nationally-recognized WorkKeys[®] job skills assessment system that has proven to help businesses reduce turnover, increase ROI, and improve productivity.

RochesterWorks! validates job applicants' skill levels in the three areas selected by employers as the most important: reading for information, locating information and applied mathematics. This provides you with valuable, accurate hiring information.

Plus, RochesterWorks! staff can meet with you and offer some tools to help you identify the necessary skill levels for your jobs.

Take the guesswork out of your selection decisions and start building your competitive advantage. Call RochesterWorks! today.
